

JOHNNY HUNT MEN'S CONFERENCE

## SIMULCAST TECHNICAL GUIDE

### LIVE STREAM TEST

Our technical team will perform a simulcast stream test on Thursday, February 4, 2021 from 4pm-8pm EST. This test is available to everyone who purchased a simulcast ticket. Testing is not required, however, it's strongly recommended that you consider participating in this test to assure that all components of the simulcast stream (audio & video) are working properly before the start of the event on Friday evening.

To participate in the test, please click on the simulcast url link that was sent to you via email when you purchased the simulcast ticket or copy and paste it into the browser of your device. During this testing time, a graphical loop of advertisements will be visible on your screen as well as some type of audio will accompany the graphical loop. If you see the graphical loop and hear audio, you are ready to watch the conference and no further action is needed. If you do not see the graphical loop or hear audio, please see the "Technical Support" section of this guide for further instructions.

### TECHNICAL SUPPORT

Should you encounter problems that require technical support, please visit this link: <https://support.boxcast.com/en/articles/4235220-common-issues-when-watching-a-broadcast> for troubleshooting solutions before contacting technical support. If you are still unable to resolve the issue, please contact Boxcast Technical Support by phone at 1-888-392-2278, and select option 1. Please have your ticket information in front of you for reference.
